School Plan & Budget for the 2018–19 School Year

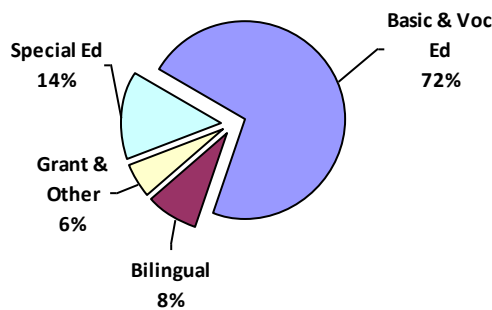

School Mission Statement Preparing strong leaders and learners for a more equitable, compassionate and sustainable world.

School Goals At Hawthorne our goal is to provide an academically enriched school environment where students can be successful, have enriched learning experiences and develop 21st Century Leadership skills. Additionally our goal is to promote and ensure the continuous academic growth of all students in meeting or exceeding proficiency standards on the Measurement of Academic Progress and Smarter Balance Assessments. This would be evidenced by 10% increase in student achievement scores in reading and mathematics as evidenced by the Spring MAP Assessments for K-2 students and Smarter balance Assessments grade3-5.

School Description & Plan to Achieve Goals Hawthorne is a multicultural, multilingual and multiracial learning community that celebrates diversity, challenge and new possibilities. Our school program includes Integrated Spectrum, English Language Learner and Special Education Inclusion classrooms. We are a Creative Approach School that provides students with Project Based Learning opportunities aligned to academic standards through our STEAM Program (Science, Technology, Arts, and Mathematics). The focus of the STEAM model is to further enhance student learning by integrating STEM coursework with the Arts through real world project based learning experiences. Our PBIS and RULER programs support school wide expectations for creating a positive learning environment where students can be successful, and confident in their academic skills and problem solving abilities. Differentiated instruction is used to meet the needs of all learners. Hawthorne uses a Balanced Literacy Approach to effectively differentiate literacy instruction for a full range of learners. Walk to Math models are implemented to address student academic needs and enrich student learning experiences in mathematics. Teachers are provided with daily common planning time as well as extended time to work in Professional Learning Communities. All Hawthorne students participate in our Arts program. Art is integrated throughout the core curriculum utilizing music, visual and performing arts. Extended day academic enrichment learning opportunities are offered to Hawthorne students in partnership with Disney In Schools, Seattle Scores and other school based enrichment offerings. Additionally, students may receive extended learning and enrichment opportunities during the summer through our partnership with Community Day School (LAUNCH). Hawthorne enjoys a robust Family and Community Engagement program that is inclusive of our Family Support Worker, ELL staff as well as parents and community members. We have been recognized by John Hopkins University for our work in the area of Family Engagement and have received the John Hopkins University National Award for Family Engagement and Community Partnerships 2015-2018 school year(s). Hawthorne is also recognized as a School Of Distinction for the 2016, 2017 and 2018 school year.

Annual Budget Report

2018–19 School Funding by Category

All financial data are from the 2018–19 recommended budget.

Total 2018–19 School Budget: **\$4,453,942**

Projected 2018–19 Student Enrollment: **407**

Per-Student Funding: **\$10,943**

Invitation to Participate

One of the goals of having School Reports is to support families as critical partners with us in a student's academic success. To get involved, please share this with your friends and neighbors, visit the school, or consider talking to the teacher or principal about joining the school's Building Leadership Team or Parent Teacher Student Association to shape your school's improvement plan.

District Mission Statement Seattle Public Schools is committed to ensuring equitable access, closing the opportunity gaps and excellence in education for every student.
