## School Plan & Budget for the 2018–19 School Year

**School Mission Statement**  
 To empower Multi-Ethnic Urban Youth to participate fully in post high school training, the world of work and society, in order to become productive and responsible citizens in our local and global community.

**School Goals**  
 Mathematics: For all African American Students we will see a 10% increase in students meeting the standard on the state math test from 42% to 52%. Science: For 11th grade students we will increase the percentage of students proficient on the state science test from 75% to 80%. Attendance: Students with fewer than 10 absences in the school year will increase from 49% to 55%.

**School Description & Plan to Achieve Goals**  
 Math: Supports for Math include after-school tutoring four days/week as well as the provision of a Student Support Specialist push in classroom tutoring at the Algebra and Geometry level. MESA tutoring reaches students in weekly after school session each week for all grade and/or math levels. Robotics Club and Girls Who Code Club are engaging student groups which encourage Math application skills. Science: Support for Science instruction in the 9th Grade Physics and Chemistry classes includes push-in classroom and afterschool tutoring by Student Support Specialist. The 10th Grade Water Project is integrated into the 10th Grade Biology courses (regular and honors) and includes an Action Plan Project. Extended learning tutoring funded by LAP funds are available to allow for Science teachers to offer after-school support to students who need extra help at any grade level. MESA club and Rocket Club are engaging student groups which encourage Science Skill applications. Attendance: Every incoming 9th grader will be connected with 11th or 12th grade mentors who have been selected and trained through Link Crew. During Link Crew trainings and our advisory period our emphasis will be on the importance of each student defining at least one adult to connect with. Our support systems are in place to provide a positive and welcoming school environment. At-risk Opportunity Youth 9th graders are assigned a Student Support Specialist.

**Annual Budget Report**

2018–19 School Funding by Category

All financial data are from the 2018–19 recommended budget.

Total 2018–19 School Budget:  
**\$11,427,282**

Projected 2018–19 Student Enrollment:  
**1238**

Per-Student Funding:  
**\$9,230**

**Invitation to Participate**

At Ingraham High School we actively engage our parents and community members in formal and informal ways. Parents contribute to our school community in our PTO (The Friends of Ingraham) and as volunteers at many levels. Student Led Conferences for all 9th Graders develop the family and school connection during the first year of High School. Please consider reaching out to our School Principal, Martin Floe and engage in shaping our school's improvement plan. Our door is open.

**District Mission Statement**  
 Seattle Public Schools is committed to ensuring equitable access, closing the opportunity gaps and excellence in education for every student.
