School Plan & Budget for the 2018–19 School Year

School Mission Statement

We are academic achievers, respectful and caring of ourselves, our school, and our community. Madrona Elementary aims to ensure that each student receives an education that will prepare them for success in college and in life.

School Goals

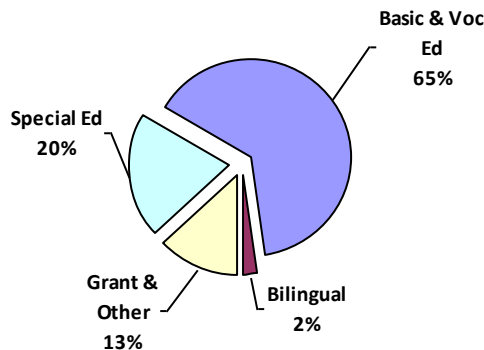

Our School Goals for 2018-2019 include increasing the number of students that meet proficiency on interim and summative assessments. We are also focusing on improving the total number of students proficient in math and reading as measured by the CCSS by 10% in grades 3rd -8th. In grades 1st and 2nd, the goal is to increase the number of students proficient on the MAP reading and math by 10%. Madrona Elementary Panthers follow Panther PATH (Behavioral Framework) P - Professional A - Attentive T - Thoughtful H - Hardworking We dedicate the first 2 two weeks of school year teaching and practicing PATH expectations in all areas of the building. This is on-going learning for our students and is integrated with RULER and PBIS throughout the year.

School Description & Plan to Achieve Goals

Madrona Elementary has an enrollment of 254 students in grades kindergarten through 5th grade. We have three Kindergarten classes, two 1st grades, two 2nd grades, two 3rd grades, two 4th grades and a 5th grade class. The success of all of our students is at the heart of who we are as a team. In order to achieve the goals set forth, the Madrona staff works collaboratively through common planning time, professional learning communities and focused professional development. The Instructional Team meets twice a month to review instructional plans, discuss current intervention support and support needed for students and teachers. During the 2018-2019 school year, the staff administers various assessments that allow teachers to monitor students progress in math and reading using Common Core State Standards and scoring appropriate rubrics. Our math curriculum "Math-in-Focus" allows students to practice and build math fluency across grade level content and our new reading curriculum "Center for the Collaborative Classroom" (CCC) is aligned with CCSS. Students read independently in their just right books, practice vocabulary and make context clues. Teachers also use guided reading, reciprocal teaching and other research based strategies that support students at their instructional level. Grades K-2 also include direct instruction in phonics and phonemic awareness as well as reading comprehension and 3rd through 5th grade students learn increasing number of comprehension strategies, with increasing exposure to non-fiction texts.

Annual Budget Report

2018–19 School Funding by Category

All financial data are from the 2018–19 recommended budget.

Total 2018–19 School Budget:

\$3,117,626

Projected 2018–19 Student Enrollment:

233

Per-Student Funding:

\$13,380

Invitation to Participate

Partnerships with parents and the community are essential to our students' academic success. We welcome parents and our community to get involved in our shared efforts to make our school a focused learning community where students can achieve their goals in preparation for success in school and life. Become a part of our volunteer group by contacting our the main office, Student Family Advocate, Parent Volunteer Coordinators or PTSA Co-Presidents. Thank you~

District Mission Statement

Seattle Public Schools is committed to ensuring equitable access, closing the opportunity gaps and excellence in education for every student.
